ORCS/ HEALTHCARE CONFERENCE GUIDE

B R E A T H E
the lung association

About Better Breathing

Take advantage of this unique opportunity to participate in a range of innovative sessions headed by leading medical professionals. Learn about new approaches to respiratory health, updates on critical research projects and relevant case studies. Over the course of the conference, you will gain exclusive access to more than 15 dynamic sessions, engage with experts and network with 300 of your peers in the respiratory field.

Better Breathing brings together healthcare professionals from many disciplines all focused on the respiratory health of the people of Ontario, including academic and community respirologists, nurses, respiratory therapists, physiotherapists and pharmacists.
